

KIKOKUSHIJO ACADEMY

Winter Day Camp 2023

Have a great time crafting the perfect school day, busting myths, and creating beautiful pieces of winter art!

Dates: December 26 - 28

Time: 10:30 - 15:30

Schools: Toritsudaigaku, Meidaimae, Meguro, Funabashi

English

What makes a "perfect" school day? You will be learning the "key" school subjects—English, math, health, social studies, and more. You will also solve puzzles, make music, and get some exercise, too!

Science

What is a myth? What do scientists do? Become a scientist to find out! Your mission? To conduct really neat experiments to see if some common scientific beliefs are true or false! In other words, you will become a Myth Buster!

Art

In the cold of winter, art can warm the heart. Explore your creative side this winter. Work on art projects to express your creativity and make your very own winter masterpieces for the whole world to see!

**Your friends from outside KA
are also welcome to join!**
