KIKOKUSHIJO ACADEMY

Summer Day Camp 2025

Toritsudaigaku East, Meidaimae, Meguro, Funabashi
July 22nd - August 15th

Program A

Grade 1 - 2

KA Time Machine : Lost Treasures

Zig-zag back in time and explore distant lands and kingdoms while searching for lost treasures. You'll meet dinosaurs, an Egyptian queen, friendly vikings, and more!

Our Oceans

What lies deep beneath the oceans' waves? What marine creatures live in complete darkness? In this class, you'll learn fascinating facts about our oceans and do some super-cool experiments!

Grade 3 - 4

KA Time Machine : Treasure Hunt

Blast back in time and visit ancient lands and distant kingdoms! You'll explore incredible landmarks, meet a tyrant king, and cross paths with an ambitious emperor.

Animal Kingdom

Meet animals that seem to defy the laws of physics to perform extraordinary feats. You will also learn how humans have used their "super intelligence" to achieve great things. An exciting STEM project awaits!

Art and Crafts

Make fun and exciting art projects with your KA friends! Create Summer themed objects using paper and your imagination! You'll also learn about influential artists and how to create similar works of art.

Program B

Grade 1 - 2

KA World Traveler: Worldwide Adventure

Visit natural wonders, exotic lands, and big cities. You'll see ancient pyramids, a spectacular canyon, a great wall, and visit the city that never sleeps on your exciting adventure!

Things That Move

Everything moves in different ways. Some things glide or hover, others float or fly. In this course, you will look at how things move! You will also do some fascinating experiments so you can see this movement with your own eyes.

Grade 3 - 4

KA World Traveler: Worldwide Expedition

Race around the world and visit ancient landmarks, natural wonders, and marvelous cities. You'll visit a buried ancient city, an impressive rainforest, and a stunning palace on your journey!

Natural Disaster

Natural disasters can happen at any time, in any place. In this class, you will learn about how and why different types of natural disasters occur, and how to prepare yourself in the event of a natural disaster!

Art and Crafts

Craft and color your very own creation using your imagination! You'll also learn about influential artists and how to create similar works of art.
